Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

h out my cel phone. The extra charge my not seem much for you, but it would be an extra added hardship for me. The plant where I had worked, for a number of years, closed. I lost my home and was forced to file bank rucpy. The TAA program that is funding my education is already 8 weeks behind on my benifets and now you want to add to my worries and stress. Please, do not do this.
Thank you Janice Burrage, Hanford, California.
